- OptiVisor 2 - 1/2 X Focal Length 8" -- 5
- OptiVisor 2 - 3/4 X Focal Length 6" -- 7
- OptiVisor 3 - 1/2 X Focal Length 4.4" -- 10

QUILL-FEED SPEED HANDLE

for Bridgeport and Similar Mills

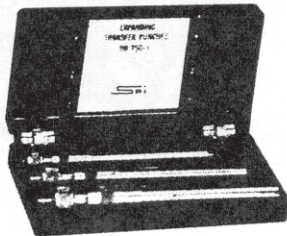

- No more pulling off and resetting the quill-feed handle for any repositioning!
- Flick of the wrist retracts pin from index plate of the quill-feed mechanism and lets you move handle into any desired position.
- Spring pushes pin back from quill-feed actuation up or down.
- Speeds operations considerably, particularly for deep hole drilling, etc.
- Replaces conventional feed handle in seconds. No holes to be drilled.
- Heavy duty construction handle will not bend or break.

EXPANDING TRANSFER PUNCHES

Tru-Centre

98-750-3

- Compact set of 3 takes the place of numerous individual solid punches.
- Each punch expands within its range to pick up the true centre of holes from 1/4" to 11/16" dia.
- By turning the knurled head, the punch body expands to the perfect fit in the bottom of the hole.
- A light hammer stroke on the top of the centre pin provides the desired "Tru-Centre" mark.

Tru-Centre Expanding Transfer Punch Set, range 1/4 - 11/16"
